

SIAC Priorities and Goals 2012/2013

Priority Area 1

Strengthen Interagency Governing Structure of the SIAC, RIACs and LIACs

GOALS:

1. Support SIAC in becoming an active consumer of data for decision making
2. Maximize the capacity of interagency governing bodies to more effectively fulfill their intended legislated scope of responsibility
3. Secure support of external stakeholders to support system of care infrastructure

Priority Area 2

Support Timely Access to Effective Crisis and Ongoing Behavioral Health Services

GOALS:

1. Ensure availability of a full array of appropriate behavioral health services
2. Promote a trauma-informed system of care

Priority Area 3

Integrate Activities, Promote Behavioral Health and Prevent Mental Illness and Substance Use within the System of Care

GOALS:

1. Secure funding to support prevention and promotion activities
2. Adopt and disseminate a promotion and prevention model for integration within Kentucky's system of care
3. Support implementing evidence-based and promising practices in promotion and prevention across agencies/entities (e.g., positive behavior support; SBIRT; Wraparound; HANDS Home Visitation)
